- The garage is adjacent to the Finnberg tunnel:

- Escalators are necessary so it is possible to get up to the museum if you e.g. comes by boat to "Finnboda Hamn"
- The boats can be traveled by bus/metro card (SL):  
<https://sv.wikipedia.org/wiki/Sjövägen> (Swedish)
- Escalators will benefit the residents of the area as they are currently unable to get up/down the mountain
- At Christmas, there will be Christmas decorations throughout the garage and in the tunnel on the way in
